

SELPHY ES30

Compact Photo Printer

Canon
advanced simplicity®

The ultimate, easy-to-use compact photo printer, packed with more creative options. Print and share your photos instantly.

The SELPHY ES30 makes printing and sharing photos instantly, fun and simple. With integrated cartridges which now support gold and silver printing, clip art, frame designs and creative image effects, being creative with your prints at home couldn't be easier. Automatic Red-Eye correction and Portrait Image Optimize, means beautiful, lab quality images that print in less than 55 sec. The protective overcoat layer means photos will resist smudging and fading.

Key Features

As a Printer

- Dye-sublimation thermal print process with a maximum resolution of 300 x 600 dpi produces extremely high quality, long lasting photo prints
- Photo lab quality prints delivered in high speeds of approx 55 seconds³
- Integrated paper and ink cassette provides the ultimate ease-of-use and also protect prints from being affected by dust
- Direct photo printing from compatible cameras & mobile phones using PictBridge & memory cards⁴
- DIGIC II image processor for high image quality and fast processing
- 100 year[^] print life, 4 layer print process – cyan, magenta, yellow and a durable clear UV protective coating to prevent smudging, fading and colour change to ensure your precious memories last a lifetime
- Huge 3.5 inch TFT colour LCD for viewing your images when printing directly from compatible memory cards

Long Lasting Prints

Produce long lasting printed photos with Canon's genuine ink and paper cassette. The overcoat layer prevents the fading of colors caused by ultraviolet light, gas, and other such environmental factors. ^

Perfect People Prints

People's faces are detected within the image, and corrections are made so that the brightness and contrast of the faces are optimal.

Sharp Previews

3.5" LCD screen for vivid bright and sharp images to view and share your photos

Red-eye Correction

In-printer red-eye correction gives you more natural-looking portraits

Click-Connect-Print

Print photos directly from compatible digital cameras using PictBridge technology, no need for a PC

Wireless Printing

Print photos directly from compatible mobile phones, using either built-in infrared connectivity or the optional Bluetooth adaptor

Creative Printing

Creative Print allows you to print with numerous frame designs, image effects, clip art etc

SELPHY
COMPACT PHOTO PRINTER

SELPHY- Rediscover the joy of photo sharing

Canon SELPHY is a funky photo printing experience that makes sharing photos more enjoyable. The dye-sublimation printing technology with protective overcoat produces photo lab quality photos that will resist smudging and fading. The compact, portable design with no need for a computer is the easiest way to share photos instantly.
