KEYPOINT INTELLIGENCE AWARD CATEGORIES

Line of the Year Award: salute the companies that provide a broad range of hardware and software solutions and whose products consistently perform above average throughout testing. Much consideration is made by Keypoint Intelligence's analysts and technicians in areas such as ease of use, features and value across an entire portfolio for that product area, with the end result being the most prestigious Keypoint Intelligence award offered.

Pick Award: stand alone in the industry and are hard-earned awards as they are based on rigorous testing, including an extensive durability assessment and evaluation of key attributes such as usability, image quality and value. Each product that passes Keypoint Intelligence's lab test earns their Recommended or Highly Recommended Seal and their Certificate of Reliability, with the best performers qualifying as Pick contenders.

Outstanding Achievement Award: acknowledge products or capabilities that stand out for attributes such as innovation, usefulness or value.

Pacesetter Award: are based on exhaustive questionnaires, in-depth interviews and a proprietary rating scale. Keypoint Intelligence's Pacesetter Awards recognise document imaging Original Equipment Manufacturer's (OEMs) that have shown market leadership in a variety of categories including technology, services and key vertical markets.
