

# POWERFUL AND FLEXIBLE SCANNER WITH BUILT IN WI-FI

Canon's imageFORMULA DR-S350NW includes advanced features such as built-in dual-band Wi-Fi, Ethernet, and USB connectivity. Designed for smooth scanning in both networked or local operations. With easy-to-use technology and fast, quality scanning, it delivers on productivity and efficiency.

## imageFORMULA DR-S350NW

### FAST AND EFFICIENT

The DR-S350NW enables fast scanning speeds of up to 50 pages per minute or up to 100 images per minute in duplex mode, supporting colour, greyscale, and black-and-white formats. Its 60-sheet Automatic Document Feeder is suitable for processing large document batches efficiently, minimising downtime. Equipped with advanced image processing features like colour enhancement, noise reduction, and dual-side image combining, the DR-S350NW ensures optimal document clarity and readability.

### FLEXIBLE CONNECTIVITY

Whether you're working in a shared office environment or remotely, the DR-S350NW adapts to your needs. Its built-in Wi-Fi, Ethernet, and USB connections allow flexible integration into your network. You can easily share the scanner across teams and devices, helping to ensure that everyone has access to high-quality scanning.

### EASY TO USE

The DR-S350NW office document scanner is built for ease of use, featuring a 4.3-inch colour touch panel that lets you effortlessly configure scan settings, initiate scan jobs, and preview scanned documents right on the device—no computer needed.

### EASY WEB SCANNING

Save time and effort thanks to web browser scanning. Users on the same network as the device can instantly connect their mobile device by simply capturing a QR code on the display of the scanner to open the embedded CaptureOnTouch Lite Web software and start scanning. Avoid the need to install any software or drivers and connect via your PC or Mac web browser.

## EASY TO MANAGE

Great for large deployments, it offers multiple remote management tools. System administrators can manage fleets of scanners across multiple locations, configure scan jobs, and even apply security protocols such as Active Directory user authentication via the Canon DR Scanner Management Tool and CaptureOnTouch Admin. Additionally, user permissions can be customised, helping organisations maintain a high level of control and additional security over their document handling.

## ELEVATE YOUR SCANNING

CaptureOnTouch software is included at no extra charge, featuring an intuitive interface with simple icon-based navigation and robust document processing capabilities. Easily configure scanning jobs to save documents in various formats such as PNG, JPEG, TIFF, BMP, PPTX, Word\*, Excel\*, and PDF. Simply scan to multiple destinations at once including cloud services with a one-touch button.
