PIXMA HOME TS9160
THE ULTIMATE HOME PRINTER

The PIXMA HOME TS9160 is the ultimate home printer with a huge range of connectivity options, superb photo, and document quality packed in an elegant and compact design. It now features a new 6 ink system with Photo Blue ink, Bluetooth capability and Message in Print function*.

Easy to Operate
Every function is quick and easy with the auto-tilting front panel, smartphone-sized 5.0 inch touchscreen and intuitive interface. The large touchscreen provides access to everything you need, from basic printer functions to adding creative photo filters on images from an SD card.

Share Your Memories
Experience a completely reimagined way of sharing memories through the Message in Print application. This application will allow you to send images with pre-written text and borders, or even embed videos or maps on it. (Available Nov 2017)

Supreme Quality Prints
See your memories come to life and print beautiful photographs with vivid colours and stunning detail. Canon's inkjet print system, enhanced print head technology and 6 single inks featuring Photo Blue, meaning improved shading, reduced graininess, deeper black tones and photos that look better than ever.

PIXMA HOME TS9160

THE ULTIMATE HOME PRINTER

Wireless
Print with ease with PIXMA Cloud Print and other applications such as Apple AirPrint, Google Cloud Print that simply connect to mobile devices.

App Connected
Using PIXMA Cloud Link, accessed through the Canon PRINT app, you can now print from popular social network and cloud services including Facebook, Instagram, Google Drive, Dropbox, OneDrive and many more.

Message in Print
Personalise your photos further with the ability to add messages to your photos. This involves adding add, frames and other decorations to your images or videos. Available on iOS devices only, November 2017.

Redefined inks
The introduction of the 'Photo Blue' ink means that there is improved colour development, particularly reduced graininess within the photos, ensuring high quality prints.

Borderless Prints
Print your documents and photos on a range of different paper sizes, from business card to Instagram-style images, on square sizes! You can even print borderless 4"x6" photos in approx. 17 seconds.

Dual Paper Feeder
Get flexible with the way your printer receives paper – either through rear paper feeding or via front paper cassette. The paper output tray is also automatically expandable.

Document Removal Reminder
If you happen to leave your important documents in the flatbed scanner, this smart printer will remind you to remove your document with an alert.

Creative Filters
Apply creative filters to your photos direct from the printer. Users can choose from nine different types of creative filters, including monochrome and sepia, to add as special effects when printing photos.

SD Card Reader
Print photos off your laptop or camera, with the printer's direct SD card slot - making it easier than ever before to showcase your photos.

Print on CD
Customise your media and print all your precious memories onto CD using our Canon Inkjet SELPHY App – perfect for gifts or simply for saving your memories.

What inks can I use with my printer?

Ink	Yield
680 PGBK XXL	A4 document: 600 / 4"x6" photo: 7382
